

# OUT-OF-CLASS SAFETY HANDBOOK

## Appendix C

### Physical Activity Inventory

The following activity inventory has been designed so that it may be customized for individual schools and divisions. To facilitate its adaptation, a version in Microsoft Excel format is available on the accompanying CD and on the Department website at [www.edu.gov.mb.ca/k12/cur/physhlth/index.html](http://www.edu.gov.mb.ca/k12/cur/physhlth/index.html).

## Physical Activity Inventory

This Physical Activity Inventory is intended to assist students in identifying activities that they would like to include in their physical activity practicum. Students may choose physical activities based on the type of activity, the health-related fitness component(s) to which the activity contributes, the level of risk involved in the activity, or a combination of these factors.

A Physical Activity Safety Checklist is available in Appendix E for each of the activities listed unless otherwise indicated. These checklists contain information about managing risk under the following risk factors:

- level of instruction
- level of supervision
- facilities/environment
- equipment
- clothing/footwear
- personal and other considerations
